Subject: BDCP and 404

I'm vaguely remembering that you both or either had a meeting with the Mikes to talk about all of this.

I'm curious as to where you think this stands, because:

- (1) I looked at the incoming from DWR, which is less useful than the previous version, and
- (2) For whatever reason, they have scheduled a group meeting with the DWR folks on Thursday immediately before the Federal 404 meeting.

I'm inclined to not say much of anything at the DWR meeting Thursday until we have our discussion with the Feds.

But I have no idea what kinds of agreements etc you had with the Mikes.

Can we talk about this some time maybe Wednesday?
